RE: Petition #0361301

Dear Mr. Donnelly:

The staff of the Division of Gaming Enforcement's (Division) Regulatory Enforcement Bureau has reviewed Petition #0361301 filed by Trump Plaza Associates, LLC d/b/a Trump Plaza Hotel and Casino dated February 05, 2013 and a subsequent letter dated February 13, 2013 and received February 19, 2013. Trump Plaza is seeking approval to amend its Certificate of Operation and Casino Hotel Alcoholic Beverage (CHAB) License.

Trump Plaza is currently operating under the Certificate of Operation which was approved in Petition #2331201 on October 16, 2012, by the Division of Gaming Enforcement.

By Petition #0361301, Trump Plaza seeks approval to complete modifications to its casino floor as depicted on the architectural drawing labeled POP-44 dated January 17, 2013, which was prepared and certified by Louis K. Graziano, RA, License #21A101081800, of Louis Graziano Architects, LLC.

2. Pit #4 Remove one (1) gaming table. Add one (1) gaming table.
3. Pit #5 Remove two (2) gaming tables. Add two (2) gaming tables. Reconfigure one (1) gaming table.

The summary of the statistical calculations is as follows:

1. The slot machine totals will remain the same at **1,594** slot machines and **1,594** slot stools.
2. An increase of one (1) table game for a new total of **65** table games.
3. The casino floor area will remain at eighty six thousand nine hundred twenty-three (**86,923**) square feet as certified in "Exhibit C" of the petition.
4. The allowable slot coverage (90% of 86,923 square feet) is seventy eight thousand two hundred thirty-one (**78,231**) square feet.
5. The actual slot coverage is sixty three thousand three hundred sixty-four (**63,364**) square feet which is **72.9%** of the total gaming area and within the allowable 90% for slot density.

Based on the Division's authority, the requested amendments to Trump Plaza's Certificate of Operation and CHAB license as set forth above, are hereby granted pursuant to N.J.A.C. 13:69C-7.1, et seq. This approval authorizes a casino room containing and consisting of **86,923** square feet of total gaming space, **65** table games, **1,594** slot machines and **1,594** slot stools as referenced in the Petitioner's letter.

Please note that although the blueprint depicts areas of the gaming floor as smoking and nonsmoking, the designation of smoking areas in casinos is subject to the jurisdiction of the N.J. Department of Health and Senior Services and the Atlantic City Department of Health and Human Services, not the Division. Accordingly, this letter should in no way be construed as approving areas of the gaming floor for smoking.
